JOHN W. LAINHART IV, CGEIT, CISA, CISM, CIPP/G
Partner, Security, Privacy, Wireless & IT Governance
IBM Global Business Services

Mr. Lainhart is the Service Area Leader for Security, Privacy, Wireless & IT Governance with IBM Global Business Services' (GBS) Public Sector. He represents IBM on the American Institute of Certified Public Accountant's (AICPA) Assurance Services Executive Committee; and Strategic Advisory Council for the Center for Internet Security. He has held numerous positions in the Information Systems Audit and Control Association/IT Governance Institute, including International President and currently is a member of the Framework Committee and serves as Chair of the CobiT® Task Force and Principal Volunteer Advisor for IT Governance, CobiT®, ValIT® and RiskIT® related initiatives. For the IT Governance Institute, he managed the development of the Information Security Governance: Guidance for Boards of Directors and Executive Management and Board Briefing on IT Governance. He has been a key member involved in the development of CobiT® since its inception. Mr. Lainhart is recognized as the "father" of the Certified Information Systems Auditor (CISA) program. He has also co-authored two books on information systems auditing -- System Development Auditor and Computerized Information Systems (CIS) Audit Manual and a National Institute of Standards and Technology special publication on systems development life cycle auditing.

Previously, on November 14, 1993, Mr. Lainhart became the first Inspector General of the U.S. House of Representatives. He was reappointed for the One Hundred Fourth Congress on January 4, 1995 and the One Hundred Fifth Congress on January 7, 1997 and the One Hundred Sixth Congress on January 6, 1999. Unanimously appointed by the Speaker, Majority Leader and Minority Leader, Mr. Lainhart was responsible for conducting periodic audits of the financial and administrative functions of the House and joint entities, and notifying the Speaker, Majority Leader, Minority Leader, and the Chairman and ranking minority member of the Committee on House Administration of the results of the audits conducted. He retired from Federal service on March 31, 1999.

Prior to his service with the House of Representatives, Mr. Lainhart was the Assistant Inspector General for Policy, Planning, and Resources in the Office of Inspector General (OIG), U.S. Department of Transportation (DOT), and a member of the Federal Government's Senior Executive Service. He was responsible for overall OIG policy and planning for audits, evaluations, and investigations; developing applicable audit, evaluation, and investigative standards and procedures; and providing necessary financial management, administrative, human resources, and information technology support. Also with DOT/OIG, Mr. Lainhart was Director, Office of ADP Audits and Technical Support, responsible for the management and direction of all audits of DOT computer-based systems and for directing and controlling the provision of computer support to all OIG audit, investigative, and administrative staff.

Mr. Lainhart also served as Group Director in the Information Management and Technology Division, and Human Resources Division, U.S. General Accounting Office (GAO). As such, he was responsible for performing all information systems audits of Federal programs administered by the Departments of Health and Human Services, Education, and Labor, and the Veterans Administration. He was also responsible for providing Computer Assisted Audit Techniques (CAATS) assistance to GAO audit staff. In addition, he wrote several GAO audit guides and articles detailing the procedures required to perform audits in the information system environment.

Mr. Lainhart remains very active in the ISACA and the IT Governance Institute, having served as 1984-1985 International President. He has been a member of the National Capital Chapter since its inception in 1974. He is a Certified Information Systems Auditor (CISA), Certified Information Security Manager (CISM), Certified in the Governance of Enterprise IT (CGEIT) and Certified Information Privacy Professional/Government (CIPP/G).

While with GAO, Mr. Lainhart received several awards for innovative computer auditing techniques. While with DOT, Mr. Lainhart was the 1988 Paul R. Boucher, Presidential Award winner--the President's Council on Integrity and Efficiency's highest award; in November 1991, he received the Presidential Rank Award of Meritorious Executive; and in November 1993, he was awarded DOT's Exceptional Service Award. In June 1988, he was awarded the ISACA/F's highest award, the Eugene M. Frank Award for Meritorious Service, and in June 1991 he became the 14th recipient of the ISACA New York Metropolitan Chapter's Joseph J. Wasserman Award. He also received ISACA's 1995, 1996 and 2007 President's Awards and in November 1996 became the first recipient of ISACA's John Lainhart Common Body of Knowledge Award. He received the 2008 V. Lee Conyers Award from the ISACA National Capital Area Chapter for outstanding contributions to the IT Assurance, Governance and Security Profession. Also, in October 1994, he was awarded the Navy Commendation Medal.

Mr. Lainhart received a B.A. in Business Administration from Davis and Elkins College and a M.A. in Management and Supervision from Central Michigan University. Mr. Lainhart is a retired Captain in the U.S. Navy.
