

October 5-9, 2009, Orlando, Florida

IBM System z Expo

The world is getting smarter.

Are your skills keeping up?

What will this conference cover?

The IBM System z Expo is the conference devoted to you, the skilled professionals who support the mainframe environment.

Get the IBM System z@ skills you need to support a dynamic IT infrastructure, an evolutionary new model for efficient IT service delivery: virtualization, real-time integration of transactions, integration and analytics, business-driven services and service-oriented architecture (SOA).

See how security and performance enhancements to IBM System z10™ Enterprise Class improve access to data and the network and provide tighter security with longer personal account numbers for stronger protection of data.

Who should attend?

The IBM System z Expo offers a wealth of knowledge and resources for any IT professional, including:

- IT managers
- System administrators
- System programmers
- Application programmers
- IT architects
- Technical support managers
- Hardware and capacity planners
- Data center managers
- Performance analysts
- Storage administrators

Key highlights

More than 300 sessions cover new and exciting technology, such as:

- System z technology, security, networking and performance
- System z leadership in virtualization
- System z10 Enterprise Class (z10 EC) and Business Class (z10 BC)
- IBM z/OS® V1.11 new features and migration
- IBM z/VM® V5.4 for extending virtualization technology, z/VM V6.1 preview
- IBM z/VSE™ V4.2 for growing workloads
- Linux® on System z, consolidations, new workloads, success stories
- The latest in IBM Geographically Dispersed Parallel Sysplex™ (GDPS®) and IBM Parallel Sysplex® support
- Dynamic Infrastructure, Cloud Computing, SOA and the System z platform
- IBM WebSphere® Application Server, WebSphere MQ, IBM CICS®
- IBM IMS™ support, IBM DB2®, IBM Cognos® 8 Business Intelligence on Linux for System z

Why should you go?

Our conference tracks were developed to provide you with the detailed knowledge you need to attain your business objectives effectively, for example:

- Learn about the latest System z tools and solutions—priced right and packed with new features and incredible performance
- Visit our Solution Center where IBM Business Partners will present their products and solutions
- Share insights with your peers

Pay with IBM Education Pack – online account and save!

This prepaid discount program gives your organization's employees access to the top-notch classroom training, technical conferences and e-learning offerings – at a very competitive price.

 2009 IBM Technical Conference Series

IBM System z Expo

IBM Training for Systems — 2009 Global Technical Conference, University and Symposium Schedule

IBM Systems

May 18-21, Orlando, Florida

In this inaugural event, IBM executives, distinguished engineers and technical experts reveal the latest innovations, solutions and best practices in Virtualization, Energy Efficiency, Systems Management, Security and platform trends and directions for IBM System Storage™, Power Systems™, System z and System x® and BladeCenter®.

IBM System x and BladeCenter

June 3-5, Melbourne, Australia

July 20-22, Delhi, India

July 27-31, Chicago, Illinois

Learn about the latest energy enhancements, workload features and effective server-consolidation developments that are driving down costs.

IBM System Storage and Storage Networking

July 27-31, Chicago, Illinois

This conference will provide a deep dive into the recent revolutionary IBM storage announcements for all IBM server platforms from both a business and a technical vantage point.

IBM Power Systems

August 4-7, Bangkok, Thailand

August 10-13, Sydney, Australia

September 21-25, Orlando, Florida

November 9-12, Mumbai, India

Last year IBM System i® and IBM System p® architectures converged into the new, advanced IBM Power Systems and now we've consolidated both into one annual conference with a broader agenda featuring IBM i, IBM AIX® and Linux operating systems.

IBM Server Systems

May 11-14, Vilnius, Lithuania

Featuring the latest updates and enhancements on IBM Power Systems, IBM System x and BladeCenter and IBM System Storage.

October 19-23, Mannheim, Germany

Featuring the latest updates and enhancements on System z, Power Systems, System x and BladeCenter and IBM System Storage.

IBM System z

May 4-8, Brussels, Belgium

May 18-21, Chennai, India

October 5-9, Orlando, Florida

Get the System z skills you need to support the New Enterprise Data Center, an evolutionary model of efficient IT service delivery: virtualized, real-time integration of transactions and data analytics, oriented to business-driven services.
