

IBM Cognos TM1 9.5

Our IBM Cognos Financial Performance Management curriculum is comprised of courses from IBM Cognos TM1 9.5. The following courses will help you quickly master the skills needed to productively work with your IBM Cognos software.

Click on the course codes to access a course description, view its schedule and enroll.

| Job Role | Definition |
|---------------|--|
| Explorer | View reports, presentations, and dashboards |
| Contributor | View reports, presentations, and dashboards, and input data into templates. May approve or reject plans. |
| Modeler | Building on a business or financial background, design, build and maintain multi-dimensional models, map data flow, apply business logic, and execute loads from transactional systems. May analyze reports and cubes and perform predictive analysis. May create and customize reports, templates, and applications for use by others |
| Administrator | Manage the technical deployment of applications, review hardware and software requirements, plan and support the overall system infrastructure, manage users, groups, and security. |
